INDEPENDENT AUDITORS' REPORT

To the Board of Trustees Memphis Street Academy Charter School at J.P. Jones Philadelphia, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Memphis Street Academy Charter School at J.P. Jones, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Memphis Street Academy Charter School at J.P. Jones, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the School's proportionate share of the net pension liability - PSERS, schedule of the School's pension contributions - PSERS, schedule of the School's proportionate share of the net other postemployment benefits (OPEB) liability - PSERS, and schedule of the School's other postemployment benefits (OPEB) - PSERS contributions, as listed on the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Memphis Street Academy Charter School at J.P. Jones's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2019, on our consideration of Memphis Street Academy Charter School at J.P. Jones's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Memphis Street Academy Charter School at J.P. Jones's internal control over financial reporting and compliance.

Certified Public Accountants

Merchantville, New Jersey December 11, 2019 MANAGEMENT'S DISCUSSION AND ANALYSIS

The Board of Trustees of Memphis Street Academy Charter School at J.P. Jones (the School) offers readers of the School's financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented herein in conjunction with the School's financial statements.

FINANCIAL HIGHLIGHTS

- Total revenues for the fiscal year ended June 30, 2019 were \$12,739,264, representing a decrease of \$1,559,743 from June 30, 2018.
- At June 30, 2019, the School reported an ending net position of \$432,260, representing a decrease of \$45,246 from June 30, 2018.
- The results of operations and the decrease in net position of \$45,246, is \$1,461,998 less than the \$1,416,752 increase in the prior year.
- The School's cash balance at June 30, 2019, was \$11,064,045, representing a decrease of \$282,093 from June 30, 2018.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements as presented comprise four (4) components: (1) management's discussion and analysis, (2) the basis financial statements, and (3) the notes to the financial statements, and (4) the supplementary information.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the School's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may service as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net position changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. expenditures accrued in one fiscal year but paid in subsequent years, and depreciation).

The government-wide financial statements report on the function of the School that is principally supported by subsidies from school districts whose constituents attend the School. The School's function is to provide an alternative educational opportunity.

Fund financial statements: A fund is a group of related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes. The School, like governmental-type entities, utilizes fund accounting to ensure and demonstrate compliance with financial-related legal requirements. The School has one (1) fund type, the governmental general fund.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Supplementary Information

The governmental fund budgetary comparison schedule is presented for purposes of additional analysis and is prepared using a basis other than accounting principles generally accepted in the United States of America (GAAP) for state reporting requirements.

Uniform Guidance Requirements

The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *Title 2 US. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).*

Government-Wide Financial Analysis

Management has adopted Governmental Accounting Standards Board (GASB) Statement 34, *Basis Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, which requires a comparative analysis of current and prior year balances.

	June 30,	
	2019	2018
Current assets Noncurrent assets	\$ 11,898,357 3,290,487	\$ 12,619,485 490,659
Total assets	15,188,844	13,110,144
Deferred outflows of resources	2,107,235	2,902,176
Total assets and deferred outflows of resources	\$ 17,296,079	\$ 16,012,320
Total liabilities	<u>\$ 15,015,819</u>	<u>\$ 12,972,814</u>
Deferred inflow of resources	1,848,000	2,562,000
Net position: Invested in capital assets, net of related debt Unrestricted	3,290,487 (2,858,227)	490,659 (13,153)
Total net position	432,260	477,506
Total liabilities, deferred inflows of resources, and net position	<u>\$ 17,296,079</u>	\$ 16,012,320

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the School, assets and deferred outflows exceed liabilities and deferred inflows by \$432,260 as of June 30, 2019.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Government-Wide Financial Analysis (continued)

The School's revenues are predominately received from the School District of Philadelphia and based on student enrollment. For the year ended June 30, 2019, the School's expenditures of \$12,784,510 exceeded its revenues of \$12,739,264 by \$45,246.

	2019	2018

NET POSITION - ENDING	<u>\$ 432,260</u>	<u>\$ 477,506</u>

Governmental Fund

The focus of the School's governmental fund (the general fund) is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financial requirements. In particular, fund balance may serve as a useful measure of a government's net resources available for spending for program purposes at the end of the fiscal year.

The School's governmental fund (the general fund) reported an ending fund balance of \$8,340,212 at June 30, 2019.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the School revised the annual operating budget several times. These budget amendments consisted of changes made within budgetary line items for programs, supplies and equipment. There were no formal budget amendments made that were required to be submitted to the Commonwealth of Pennsylvania.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2019, the School's investment in capital assets for its governmental activities totaled \$3,290,487 (net of accumulated depreciation and related debt). This investment in capital assets includes computers, furniture and fixtures, leasehold improvements, vehicles, and construction in progress.

Long-Term Debt

As of June 30, 2019, the School has no outstanding long-term debt.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The School's major source of revenue is the School District of Philadelphia. The Subsidy rates increased 7.38% for regular education and 11.25% for special education in fiscal year 2018-2019. The School is not forecasting subsidy rates for the future.

FUTURE EVENTS THAT WILL FINANCIALLY IMPACT THE SCHOOL

The School does not foresee any future events at this time that will financially impact the School.

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

The financial report is designed to provide interested parties a general overview of the School's finances. Questions regarding any of the information provided in this report should be addressed to: Chief Executive Officer, Memphis Street Academy Charter School at J.P. Jones, 2950 Memphis Street, Philadelphia, PA 19134, or call (215) 291-4709.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities

Memphis Street Academy Charter School at J.P. Jones (the School) is organized as a nonprofit corporation in Pennsylvania to operate a charter school in accordance with Pennsylvania Act 22 of 1997 (the Act), whereby a charter is granted for a five-year period and may be renewed for additional five-year periods under expiration. The mission of the school is to provide a high quality public education to students in grades 5 - 8. The School is located in Philadelphia, Pennsylvania and began operations during the 2012-2013 school year. The School is operating under a charter school contract through June 30, 2022, which may be renewed for an additional term.

The School has financial accountability and control over all activities related to the students' education. The School receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The reporting entity of the School is based upon criteria set forth by Governmental Accounting Standards Board (GASB) Statement 14, *The Financial Reporting Entity*. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the School. The School is not a component unit of another reporting entity.

Basis of Presentation

The financial statements of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the School's accounting policies are described below.

Government-Wide and Fund Financial Statements

The government-wide financial statements (the statement of net position and the statement of activities) report on the School as a whole. The statement of activities demonstrates the degree to which the direct expenses of the School's function are offset by program revenues.

The fund financial statements (governmental fund balance sheet and governmental fund statement of revenues, expenditures and changes in fund balance) report on the School's general fund.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-Wide Financial Statements

The statement of net position and the statement of activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as soon as all eligibility requirements imposed by the provider have been met.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

The School reports the following major governmental fund:

General Fund – The general fund is the operating fund of the School and accounts for all revenues and expenditures of the School.

The School reports the following proprietary fund:

Food Service Fund – Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods and services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third-party requirements that the cost of provide services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs.

The following fund is a non-major fund of the School included in governmental funds:

Student Activities Fund – Used to account for assets held by the School for student groups and are available to the students. The student activities fund is custodial in nature and does not have a measurement focus.

On occasion, the General Fund loans funds to the Food Service Fund to support operations.

Method of Accounting

The School applies the provision of GASB Statement No. 34 (Statement 34), *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments.* Statement 34 established standards for external financial reporting for all state and local governmental entities, which includes a statement of net position and a statement of activities. It requires the classification of net position into three (3) components – invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

- Invested in capital assets, net of related debt This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related proceeds at year end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted This component of net position consists of constraints placed on the use of net position through external constraints imposed by creditors such as through debt covenants, grantors, contributions, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position This component of net position consists of net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

In accordance with the provisions of GASB Statement 65, certain items previously reported as assets and liabilities are now reported as deferred outflows of resources and deferred inflows of resources. Specifically, grant revenue previously reported as deferred revenue is now reported as a deferred inflow of resources.

Fund Balance Classification Policies and Procedures

The School follows the provisions of GASB Statement No. 54, *Fund Balances* (Statement 54). Statement 54 requires the classification of the School's fund balance into five (5) components: nonspendable, restricted, committed, assigned, and unassigned. These classifications are defined as follows:

- Nonspendable This category is for amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to remain intact.
- Restricted This category is the part of the fund balance that is restricted to be spent for a specific purpose. The constraints on these amounts must be externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or by enabling legislation.
- Committed This category is the portion of the fund balance that can only be used for specific purposes as a result of action (resolution) by the School's highest level of authority, the Board of Trustees.
- Assigned this category reflects funds that the School intends to use for a specific purpose but are not considered restricted or committed.
- Unassigned This category represents the part of the spendable fund balance that has not been categorized as nonspendable, restricted, committed, or assigned.

Budgets and Budgetary Accounting

The School adopts an annual budget on a basis consistent with GAAP for the general fund. The School is required to present the adopted and final budgeted revenues and expenditures for the general fund that were filed and accepted by the Labor, Education, and Community Services Comptroller's Office. The general fund budget is presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Budgetary Basis) – (Unaudited) - General Fund.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, deferred outflows of resources, liabilities, and deferred resources of inflows, disclosure of contingent assets and liabilities and reported revenues and expenses. Accordingly, actual results could differ from estimates.

Cash

The School's cash consists of cash on hand and demand deposits.

Prepaid Expenses

Prepaid expenses include payments to vendors for services applicable to future accounting periods such as insurance premiums.

Receivables

Receivables primarily consist of amounts due from the Pennsylvania Department of Education for federal and state grants and subsidies. Receivables are stated at the amount management expects to collect. As of June 30, 2019, based on historical experience, no allowance has been established.

Capital Assets

Capital assets, which will include leasehold improvements, furniture and equipment, computers and vehicles, are reported in the government-wide financial statements. All capital assets will be capitalized at cost and updated for additions and retirements during the year. The School does not possess any infrastructure. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed. The School's capital assets are depreciated using the straight-line method over the estimated useful lives of the assets, which range from five to ten years.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Advertising Costs

All costs associated with advertising and promotion are expenses in the year incurred.

Income Tax Status

The School is exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code.

Uncertain Tax Positions

The School accounts for uncertainty in income taxes in which tax positions initially need to be recognized in the financial statements when it is more likely than not that the positions will be sustained upon examination by taxing authorities. As of June 30, 2019, the School had no uncertain tax positions that qualified for either recognition or disclosure in the financial statements. Additionally, there was no interest and penalties related to income taxes.

The School files Federal Form 990 (Return of Organization Exempt from Income Tax). With few exceptions they are no longer subject to U.S. federal and state examinations by taxing authorities for years before fiscal year ended June 30, 2016.

NOTE 2 CASH

Custodial credit risk is the risk that in the event of a bank failure, the School's deposits may not be returned to the School. The School monitors custodial credit risk by periodically reviewing the Federal Deposit Insurance Corporation's (FDIC) limits and published credit ratings of its depository bank(s). Accounts are insured by the FDIC up to \$250,000. Under Pennsylvania Act 72, financial institutions pledge collateral on a pooled basis to secure public deposits in excess of FDIC insurance limits. The School has elected for its accounts to be covered under this act.

As of June 30, 2019 the total cash balance per the financial statements is \$11,062,640 and \$1,405, which are net of outstanding checks for Governmental Activities and Business-Type Activities, respectively.

	Governmen	ital 1	Business-Ty	'pe
	Activities	S	Activity	
Uncollateralized	\$	-	\$	-
Collateralized by securities held by the pledging financial institution		-		-
Collateralized by securities held by the pledging financial institution's trust department or agent but not in the depositor School's name	<u>10,854,6</u> \$ 10,854,6		<u>\$</u>	
Total	\$ 10,854,0	04	φ	_

NOTE 3 RECEIVABLES

Receivables as of June 30, 2019, consisted of subsidies from federal, state, and other sources. All receivables are considered collectible due to the stable condition of the federal, state, and local programs. Other sources consist mainly of funds due from the School District of Philadelphia.

A summary of receivables is as follows:

	Go	vernmental	Bus	Business-Type	
	A	Activities		Activity	
Federal	\$	142,188	\$	64,742	
State		28,548		2,791	
Other sources		169,694		_	
	\$	340,430	\$	67,533	

NOTE 4 LOCAL EDUCATIONAL AGENCY ASSITANCE (REVENUE)

The School receives funding from the School District of Philadelphia on a monthly basis based on enrollment. The rate of funding per student is determined on an annual basis.

Charter schools are funded by the local public school district. For non-special education students, a charter school receives for each student enrolled no less than the budged total expenditure per average daily membership of the prior school year as defined by the Act. For the year ended June 30, 2019, the rate for the majority of the students was \$9,152 per year per student, plus additional funding for special education students and transportation. The annual rate is paid monthly and is prorated if a student enters of leaves during the year. Total revenue from student enrollment was \$10,160,304 for the year ended June 30, 2019.

NOTE 5 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2019, was as follows:

	Balance		Balance
Governmental activities:	July 1, 2018 Additions	Disposals	June 30, 2019
Computers	\$ 723,226 \$ 115,414	\$ -	\$ 838,640
Furniture and equipment	234,408 41,997	-	276,405
Leasehold improvements	1,127,384 90,596	-	1,217,980
Vehicles	72,736 -	-	72,736
Construction in progress	- 2,711,134	-	2,711,134
Less accumulated depreciation	(1,674,620) (181,830)	(1,856,450)
Governmental capital assets, net	<u>\$ 483,134</u> <u>\$ 2,777,311</u>	\$ -	\$ 3,260,445
	Balance		Balance
Business-type activities:	July 1, 2018 Additions	Disposals	June 30, 2019
Computer equipment	\$ 13,032 \$ 24,378	\$ -	\$ 37,410
Less accumulated depreciation	(5,507) (1,861)	(7,368)
Business-type activities capital assets, net	<u>\$ 7,525</u> <u>\$ 22,517</u>	\$ -	\$ 30,042

As of June 30, 2019, depreciation expense was \$181,830 and \$1,861 for Governmental Activities and Business-Type Activities, respectively.

NOTE 6 RETIREMENT PLAN

The School contributes to the Public School Employees' Retirement System (PSERS).

General Information about the Pension Plan

Plan Description

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at <u>www.psers.pa.gov</u>.

Benefits Provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of service, a member's right to the defined benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contributions

Member Contributions:

Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.50% (Membership Class T-D) of the member's qualifying compensation.

Contributions (continued)

Member Contributions: (continued)

Members who joined the System on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute at 6.25% (Membership Class T-C) or at 7.50% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System after June 30, 2001 and before July 1, 2011, contribute at 7.50% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the System after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.5% (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.3% (base rate) of the member's qualifying compensation. Membership Class T-E and Class T-F are affected by a "shared risk" provision in Act 120 of 2010 that in future fiscal years could cause the Membership Class T-E contribution rate to fluctuate between 7.5% and 9.5% and Membership Class T-F contribution rate to fluctuate between 10.3%.

Employer Contributions:

The school districts' contractually required contribution rate for the fiscal year ended June 30, 2019 was 32.60% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School were \$925,496 for the year ended June 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the School reported a liability of \$11,185,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2017 to June 30, 2018. The School's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it related to the total one-year reported covered payroll. At June 30, 2019, the School's proportion was .0233%, which was an increase of .0008% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2019, the School recognized pension expense of \$1,144,000. At June 30, 2019, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	C	Deferred Dutflows Resources	_	Deferred Inflows Resources	
Difference between expected and actual experience	\$	90,000	\$	173,000	
Net difference between projected and actual investment earnings		55,000		-	
Changes of assumptions		208,000		-	
Changes in proportion		391,000		1,600,000	
Difference between employer contributions and proportionate share					
of total contributions		387,176		-	
Contributions subsequent to the measurement date		925,496		-	
•	\$	2,056,672	\$	1,773,000	

\$925,496 was reported as deferred outflows of resources related to pensions resulting from School contributions subsequent to the measurement date which will be recognized as reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions are amortized and will be recognized in pension expense for future actuarial calculations as follows:

Years ending June 30,

2019	\$	(374,000)
2020		(246,000)
2021		(366,000)
2022		(43,000)
	\$ ((1,029,000)

Actuarial Assumptions

The total pension liability as of June 30, 2018 was determined by rolling forward the System's total pension liability as of June 30, 2017 to June 30, 2018 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method Entry Age Normal Level % of pay.
- Investment return 7.25%, includes inflation of 2.75%.
- Salary growth effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study that was performed for the five-year period ending June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Global public equity	20.0%	5.2%
Fixed income	36.0%	2.2%
Commodities	8.0%	3.2%
Absolute return	10.0%	3.5%
Risk parity	10.0%	3.9%
Infrastructure/MLPs	8.0%	5.2%
Real estate	10.0%	4.2%
Alternative investments	15.0%	6.7%
Cash	3.0%	0.4%
Financing (LIBOR)	-20.0%	0.9%
-	<u>100%</u>	

The table above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2018.

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
	<u>6.25%</u>	7.25%	8.25%
School's proportionate share			
of the net pension liability	\$ 13,685,000	\$ 11,185,000	\$ 8,919,000

Pension Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at <u>www.psers.pa.gov</u>.

Alternative Retirement Plan

During the fiscal year ended June 30, 2015 the School established an employer-sponsored deferred compensation defined contribution plan (the Plan). This retirement plan provides for salary deferrals pursuant to section 403(b) of the Internal Revenue Code. The Plan covers all full-time employees who are not participating in the PSERS Retirement Plan. Employees of the School contribute 5% of their salary and the School also contributes 5% to the Plan on the employee's behalf. Retirement Plan contributions by the School for the year ended June 30, 2019 were \$153,760.

NOTE 7 OPEB LIABILITY

General Information about the Health Insurance Premium Assistance Program

Health Insurance Premium Assistance Program

The System provides Premium Assistance which is a governmental cost sharing, multiple-employer, other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate. Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2018, there were no assumed future benefit increases to participating eligible retirees.

Premium Assistance Eligibility Criteria

Retirees of the System can participate in the Premium Assistance program if they satisfy the following criteria:

- Have 24 ¹/₂ or more years of service, or
- Are disability retiree, or
- Have 15 or more year of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program.

Pension Plan description

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at <u>www.psers.pa.gov</u>.

Benefits provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2018 there were no assumed future benefit increases to participating eligible retirees.

Employer Contributions

The school's contractually required contribution rate for the fiscal year ended June 30, 2019 was 0.83% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the School were \$23,563 for the year ended June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the School reported a liability of \$486,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2017 to June 30, 2018. The School's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2019, the School's proportion was .0233%, which was an increase of .0008% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2019, the School recognized OPEB expense of \$13,000. At June 30, 2019, the School reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	O	eferred utflows esources	I	Deferred Inflows of Resources		
Difference between expected and actual experience	\$	3,000	\$	-		
Net difference between projected and actual investment earnings		1,000		-		
Changes in proportion		15,000		57,000		
Changes of assumptions		8,000		18,000		
Contributions subsequent to the measurement date		23,563		-		
	\$	50,563	\$	75,000		

\$23,563 reported as deferred outflows of resources related to OPEB resulting from School contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years ending June 30,	
2019	\$ (11,000)
2020	(11,000)
2021	(11,000)
2022	(11,000)
2023	(11,000)
Thereafter	 4,000
	\$ (51,000)

Actuarial Assumptions

The Total OPEB Liability as of June 30, 2018, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2017 to June 30, 2018 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method Entry Age Normal level % of pay.
- Investment return 2.98% S&P 20 Year Municipal Bond Rate.
- Salary growth Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.
- Participation rate:
 - Eligible retirees will elect to participate Pre age 65 at 50%
 - Eligible retirees will elect to participate Post age 65 at 70%

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study that was performed for the five-year period ending June 30, 2015.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2016 determined the employer contribution rate for fiscal year 2018.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: 63% of eligible retirees are assumed to elect premium assistance.
- Mortality rates and retirement ages were based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with age set back 7 years for males and 3 years for females for disabled annuitants. (A unisex table based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 years for both genders assuming the population consists of 25% males and 75% females is used to determine actuarial equivalent benefits.)

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

		Long-Term			
	Experimentary Target Real Allocation of Re				
	Target Rea				
Asset Class	Allocation	of Return			
Cash	5.9%	0.3%			
US Core Fixed Income	92.8%	1.2%			
Non-US Developed Fixed	<u>1.3%</u>	0.4%			
	<u>100.0%</u>				

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2018.

Discount rate

The discount rate used to measure the Total OPEB Liability was 2.98%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a "pay-as-you-go" plan. A discount rate of 2.98% which represents the S&P 20-year Municipal Bond Rate at June 30, 2018, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2018, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2017, 93,380 retires were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2017, 1,077 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the 1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted on the next page.

Sensitivity of the System Net OPEB Liability to Change in Healthcare Cost Trend Rates (continued)

The following presents the System net OPEB liability for June 30, 2018, calculated using current Healthcare cost trends as well as what the System net OPEB liability would be if health cost trends were 1-percentage point lower or 1-percentage point higher that the current rate:

			(Current		
	1% Decrease			end Rate	_1%	Increase
System net OPEB liability	\$	486,000	\$	486,000	\$	486,000

Sensitivity of the School's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability, calculated using the discount rate of 2.98%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.98%) or 1-percentage-point higher (3.98%) than the current rate:

			(Current		
	1%	Decrease <u>1.98%</u>		Discount Rate 1% Inc. 2.98% 3.98		6 Increase <u>3.98%</u>
District's proportionate share of the net OPEB liability	\$	552,000	\$	486,000	\$	430,000

OPEB Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at <u>www.psers.pa.gov</u>.

NOTE 8 GRANT CONTINGENCIES

Grants received are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the School expects such amounts, if any, to be immaterial.

NOTE 9 FUND BALANCE DESIGNATIONS

A fund balance designation is used to indicate that a portion of the total fund balance is not appropriable for expenditures because some underlying assets are not available financial resources or are legally segregated for specific future uses. As of June 30, 2019, the Board of Trustees has established fund balance designations as follows:

Fund Balances:	
Nonspendable	\$ 202,586
Committed to:	
Capital improvements	8,000,000
Unassigned	 137,626
Total fund balances:	\$ 8,340,212

NOTE 10 LITIGATION

The School is, from time to time, involved in claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, at this time, the ultimate resolution of these matters will not have an adverse effect on the financial position of the School.

NOTE 11 SUBSEQUENT EVENTS

The School has evaluated all events and transactions that have occurred after June 30, 2019 (the financial statement date) through December 11, 2019, the date that the financial statements were available to be issued. The School did not have any material recognizable subsequent events that would require adjustment to, or disclosure in the financial statements.

1. <u>Basis of Presentation</u>

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Memphis Street Academy Charter School at J.P. Jones under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Memphis Street Academy Charter School at J.P. Jones, it is not intended to and does not present the financial position, change in net position, or cash flows of Memphis Street Academy Charter School at J.P. Jones.

2. <u>Summary of Significant Accounting Policies</u>

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Accounts receivable at June 30, 2019 and 2018 is reported net of overpayments and deferred revenue.

Pass-through entity identifying numbers are presented where available.

3. <u>Indirect Cost Rate</u>

Memphis Street Academy Charter School at J.P. Jones has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Memphis Street Academy Charter School at J.P. Jones Philadelphia, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Memphis Street Academy Charter School at J.P. Jones, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated December 11, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Memphis Street Academy Charter School at J.P. Jones's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

- 42 -

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Memphis Street Academy Charter School at J.P. Jones's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees Memphis Street Academy Charter School at J.P. Jones Philadelphia, Pennsylvania

Report on Compliance for Each Major Federal Program

We have audited Memphis Street Academy Charter School at J.P. Jones's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2019. The School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Memphis Street Academy Charter School at J.P. Jones's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School's compliance.

Opinion on Each Major Federal Program

In our opinion, Memphis Street Academy Charter School at J.P. Jones, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of Memphis Street Academy Charter School at J.P. Jones is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Memphis Street Academy Charter School at J.P. Jones's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Certified Public Accountants

Merchantville, New Jersey December 11, 2019

SUMMARY OF AUDITORS' RESULTS

- 1. The auditors' report expresses an unmodified opinion on whether the financial statements of Memphis Street Academy Charter School at J.P. Jones (the School) were prepared in accordance with GAAP.
- 2. No significant deficiencies relating to the audit of the financial statements are reported in the Report on Internal Control over Financial Reporting and on Compliance and other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. No material weaknesses are reported.
- 3. No instances of noncompliance material to the financial statements of the School which would be required to be reported in accordance with Government Auditing Standards were disclosed during the audit.
- 4. No significant deficiencies in internal control over major federal awards programs disclosed during the audit are reported in the Report on Compliance for Each Major Program and Report on Internal Control over Compliance requirements for Federal awards required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). No material weaknesses are reported.
- 5. The auditors' report on compliance for major federal award programs for the School expresses an unmodified opinion on all major federal programs.
